

I'm a poultry producer.

I'm a soybean farmer.

Together, we raise our community's standard of living.

We are neighbors who share the same commitment to our families, our businesses and our future. Livestock producers, poultry producers and soybean farmers all believe in hometown values and creating better lives.

From the over 31 million tons of locally grown soybean meal livestock and poultry producers feed their dairy cows, beef cattle, chickens and hogs to the more than \$19 billion in tax revenue and nearly 3 million jobs that they generate for our communities, the answer is clear. We need livestock and poultry producers. We can work together for a stronger future.
